EDUCATION

Indus University

Bachelor of Technology in Information Technology

CGPA: 9.57

Nov 2022 - present

Ahmedabad, Gujrat

K. J. Somaiya Polytechnic

Diploma in Computer Engineering

CGPA: 8.9

Aug 2019 - May 2022

Mumbai, Maharashtra

EXPERIENCE/INTERNSHIPS

AWS Cloud Computing Intern

NIVIDATA

- Developed foundational skills in AWS Cloud, focusing on cloud storage, networking, and security.
- Worked with cloud computing tools to optimize resource management and scalability for project needs.
- Used AWS Cloud for managing, improving performance & reusability.

June 2023 - July 2023

On-Site

Artificial Intelligence Intern

INDUS UNIVERSITY

- Built practical knowledge in artificial intelligence, including machine learning models, neural networks, and data-driven insights.
- Contributed to small AI-driven projects that explored supervised and unsupervised learning models.

June 2024 - June 2024

On-Site

Java Programming Intern

CODSOFT

- Developed and deployed Java applications, focusing on core Java, object-oriented programming principles, and project workflows.
- Enhanced application efficiency through code optimization, ensuring robust, maintainable code.

Sept 2024 - Oct 2024

Remote

PROJECTS

Crypto Web / Flask, SQLite3

- Developed a cryptocurrency price tracking web application with real-time data updates.
- Designed a user-friendly interface and interactive charts to enhance the user experience.

Sept 2024 - Oct 2024

Sales Data Analysis | Python (Pandas, Matplotlib)

- Conducted comprehensive data analysis, including data cleaning, visualization, and insights generation.
- Leveraged Pandas and Matplotlib to identify trends and patterns for informed decision-making.

Aug 2024 - Sept 2024

Grocery Store Billing Software | Tkinter, SQL

- Built a GUI-based billing software for a grocery store using Tkinter and SQL, enabling efficient bill generation and transaction tracking.
- Integrated a SQL database for effective data management and storage.

Nov 2021 - Dec 2021

SKILLS

Programming Languages: Python, Java, SQL

Web Technologies: HTML, Jinja, CSS

Technologies/Frameworks: Flask, Django, Linux, GitHub, Power BI, Wireshark, Postman, Figma

Non-Technical: Leadership, Teamwork, Communication, Public Speaking

RELEVANT COURSEWORK

- Python For Data Science - (verify.mygreatlearning.com/WMVDWSEX)
- Postman API Fundamentals Student Expert - ([Link](#))
- Basic Cyber Security Knowledge And Experience - ([Link](#))
- Tableau Training - (ID : 4716450) & (+14 Additional Certifications available on my LinkedIn profile.)

LEADERSHIP / EXTRACURRICULAR

- Content Team member at Mindmaze community
- Design Team member at Mindmaze community

Aug 2024 - Present

Aug 2024 - Present
